Grab your shotgun, your three favorite friends, and please join us for a day of competition, laughs, and camaraderie. Your participation will benefit an organization that has supported the northeast Florida community for over a century.

Established in 1912, the *Volunteer Life Saving Corps* has created a rich history protecting the Duval County beach goers. Our volunteer lifeguards have protected the bathers and beach visitors in Jacksonville Beach for over 11 decades. These highly trained, community minded individuals have saved thousands of lives and administered first aid to countless people.

We are fundraising for two main purposes: (1) continue our mission of providing volunteer ocean lifesaving operations which simultaneously drives positive development of teens into young adults and (2) allow us to increase recruitment and retention.

We look forward to seeing many smiling faces and we sincerely appreciate your financial assistance to the VLSC.

Did you know

VLSC members have given over 1.6 million hours of community service.

Through 113 consecutive years, our members have more than:
1,900 water rescues (lives saved),
2,200 water assists, and
26,000 first aid cases treated.
